SALEM'S HOSPITAL
HAS LARGEST YEAR
SINCE IT OPENED

Superintendent Reports 1625
Patients Admitted; 825
House Patients.

CHARITY WORK IS
INCREASED IN 1925

Trustees of City Hospital
Re-elected at Annual
Meeting Monday.

With a total of 1,625 patients ad-
mitted, including 825 hospital patients,
Salem City hospital had the busiest
year in 1925 since its organization.

This fact was revealed in the annu-
al report of Miss Susan E. Emmott,
superintendent, given at the annual
meeting of the hospital association
Monday night at the hospital. Each
department at times reached its capac-
ity, making a waiting list necessary,
Miss Emmott reported.

A comparison of figures with last
year's report shows an increase of
482 patients and 637 hospital days.
The charity work also has increased,
and the free service rendered by the
hospital is by no means shown in the
free days' report, which shows 430
days.

At this meeting the retiring trustees
were re-elected for a term of three
years. They are Mrs. J. G. Woodruff,
Mrs. P. E. Barchhoff, Mrs. W. H.
Dunn, P. P. Mullins and A. H. Wil-
helm.

Following the association meeting
the board of trustees met and re-
elected the officers: President, Judge J.
C. Boone; vice-president, P. P. Mullins;
secretary, Mrs. W. H. Dunn;
treasurer, P. P. Mullins.

825 House Patients.
Miss Emmott's report shows 825
patients admitted to the hospital, 272
ambulatory patients; 563 x-ray pa-
tients; total admitted, 1,625.

Other interesting facts in her re-
port include: House admissions—
male, 331; female, 494; surgical, 523;
medical, 459; obstetrical, 74; new born
64; deaths, 35, including 12 which
were in the hospital less than 48
hours; discharged, 812; cured, 610;
improved, 151; not treated, 10; not
improved, six.

There were 649 day patients, 49 part
pay, 64 nothing paid and 41 free pa-
tients. The daily average of patients
was 22; average stay, 9 days; opera-
tions, major, 153; minor, 354.

The financial report shows total ad-
ministration cost, \$4,335; professional
care of patients, \$17,221.58; general
expense, \$10,175.55; departmental,
including dietary, housekeeping, laun-
dry, training school, nurses' home,
\$25,534.85; total disbursements, \$57,
267.75.

Receipts from pay patients totaled,
\$27,129.52, which was \$8,923.18 more
than last year. Total receipts were
\$45,240.16.

Miss Emmott called attention to the
many supplies purchased and improve-
ments made during the year, and P. R.
Fox, treasurer, reported that the in-
stitution is in excellent financial con-
dition. Those present also heard a re-
marking by Miss Emmott, who is em-
ployed by the hospital, of the excellent work
done during the year. She has been in charge
one year.

The training school now has twenty
student nurses enrolled and during
the year special training lecture courses
were given them. An affiliation of
six months has been made with the
Cleveland City hospital for the nurses
to receive training in medical, pedi-
atric and contagious nursing.

JUDGE SUSPENDS
MURPHY SENTENCE

Salem Youth Keeps Out of
Reformatory Pending
Good Behavior.

George Murphy of Salem, who was
indicted by the grand jury last week
on a charge of operating a motor
vehicle without the consent of the
owner, accompanied by his counsel
went before Judge James G. Moore
and entered a plea of guilty. He took
a ride in a car owned by John Ewing
of Salem.

In entering his plea of guilty, the
court imposed a sentence ranging
from one to 20 years in the Mansfield
Reformatory, but execution was sus-
pended upon payment of the costs in
the case and on condition that the
defendant be of good behavior in fu-
ture. This promise was made the
court.

Murphy went before the court be-
fore others who were indicted were
arranged.

Quake In California

Santa Barbara, Cal., Jan. 12.—A
slight earthquake tremor was felt
here today. The shock lasted three
seconds. No damage was done.

Beauty in Quick-Change Romance

Helen Marye, Washington society girl, whose engagement to
Count Lamberto Arnoldi of Italy recently was broken-off, now is
bride-to-be of Captain W. D. Thomas of U. S. air service. Miss
Marye's father is a former ambassador to Russia.

FOUNDER OF LOVE CULT HELD; WOMEN FLEE

Allentown, Pa., Jan. 12.—Charles
Garland, eccentric Massachusetts mil-
lionaire and founder of April Farm
near here, an alleged "free love" col-
ony, is back at the "farm" today pre-
paring for his hearing January 23 be-
fore Alderman Boyle on statutory
charges in connection with the birth
and death of a three months old
baby. Garland posted \$1,000 cash
bail for his appearance.

Bethina Hovey, said to be a former
New York newspaper woman, and
characterized by authorities as Gar-
land's "soul mate," together with
Polly Scott, Sophie Sebasta and two
other women, said to be former Rus-
sion countesses and whose names Gar-
land told authorities were "nobody's
business," all members of the colony,
have disappeared. The only remaining
person on the farm was one who said
she is Doris Benson.

A large retinue accompanied Sheriff
Sensenhoe and the detective to the
farm when Garland was arrested.
They were greeted by police dogs,
and told that they were "not wel-
come."

The male members of April Farm
were all present when the officers
arrived.

COOLIDGE SEEKS NO MEXICAN RUPTURE

Washington, Jan. 12.—President
Coolidge is confident that no rupture
of relations with Mexico will de-
velop out of the present controversy
over the new land and petroleum
laws, he told callers at the White
House today.

While the administration is firm in
its intention of preventing unjust
confiscation of American property
south of the Rio Grande, the situation
is not considered one for "big stick"
methods, and Mr. Coolidge believes
that Mexico will herself take the nec-
essary corrective steps to assure
American property-holders of fair
treatment.

President to Probe Health of Governor

Washington, Jan. 12.—President
Coolidge is having an investigation
made into the health of Ex-Gov. War-
ren T. McCray of Indiana, who is now
serving a sentence in Atlanta federal
prison, it was announced today.

If McCray's health is found to be
bad the president will favorably con-
sider the application that has been
made for a pardon, but if the phy-
sicians report that his continued in-
carceration is not unduly injurious
to his health, it is probable the ap-
plication will be rejected.

Hundertmarks Give Program at School

Mr. and Mrs. John W. Hundert-
mark and son, John gave a deli-
cious musical program at the High
school assembly Tuesday morning.
Two violin selections and a group of
cello violin selections were given. A
violin solo, "Liebesleid" by Kreisler,
was followed by "The Rosary."

John Hundertmark, Jr., is a senior
in Alliance High school, where he
and his parents will entertain next
Friday with musical selections.

APPEAL IS MADE FOR JELLY FOR HOSPITAL USE

Despite the smaller fruit crops last
year, the Can-A-Can club donated
canned fruits, jellies, etc., amounting
to 1,300 containers to the Salem City
hospital, Miss Susan E. Emmott,
superintendent, reported at the an-
nual meeting Monday night.

Just now one need is for jellies. If
you can spare some of the jelly you
made last summer, send a few glasses
to the hospital. These jelly donations
may be left at the MacMillan book
store or at the hospital. During last
fall large donations of fruits, etc.,
came from supporters of the hospital
at Winona and Lisbon.

Mrs. L. B. Harris, chairman of the
sewing committee, and Miss Emmott
voiced at this annual meeting their
appreciation for the work done by
the women in sewing at the hospital.
Many women gave freely and fre-
quently of their time and a great deal
of work was accomplished in the sew-
ing room.

JUDGE MOORE IS INJURED IN FALL; COURT POSTPONED

Arraignment of Indicted
Persons on Wednesday;
Beverly Is Jailed.

Judge J. G. Moore while walking
to the court house Tuesday morn-
ing from his home accidentally slipped
on the icy pavement, opposite the
Hostetter hotel, fell forward and was
bruised considerably.

Judge Moore was removed to his
home by Sheriff George Wright and
a physician was summoned. He was
badly bruised and shocked as a re-
sult of the fall.

It is likely Judge Moore will be
able to open court Wednesday morn-
ing. It had been the intent of the
court to arraign prisoners Tuesday
morning, which were indicted by
the January grand jury and this is
expected to be done Wednesday
morning.

Re-arrest Embezzler

W. C. Beverly of Cleveland, alias
George P. Brainard, who was indicted
by the January grand jury for obtain-
ing money under false pretense from
Emanuel Wang, of North Georgetown,
and who has been at liberty under
\$5,000 appearance at the court house
Tuesday morning with his attorney
to enter a plea to the indictment.
As soon as Beverly entered the
court house he was arrested by
Sheriff George Wright on another
indictment, charging embezzlement;
A. L. Stroecker, of East Palestine,
being the victim.

After this warrant and indictment
had been served on Beverly, Sheriff
Wright read two other warrants to
him, one from Coshocton county,
which was filed after J. J. Lapp said
that he had lost \$1,200 through his
dealings with Beverly and \$1,500.
Fortune is said to have lost \$1,500.
The warrant from Cambridge showed
that Allen C. Ferguson lost, \$440
through dealing with Beverly. Be-
verly was taken to the county jail at
noon by Sheriff Wright.

Clarke Leaves For World Peace Tour

Youngstown, Jan. 12.—John H.
Clarke, former associate justice of
the United States supreme court, who
resigned in order to devote his en-
tire time to world peace, left Monday
for a tour of the world in the in-
terests of that cause.

A mass meeting Sunday attended
by 2,000, endorsed entrance by the
United States into the world court,
and wished Justice Clarke "success
and a safe return home."

Former Ball Player Found Dead in Akron

Akron, Jan. 12.—A man found dead
in a North Howard st. hallway after
a fall down stairs, is believed today
to be John Galin, a former player on
the White Sox ball team.
He was recognized at the morgue
by a man who said Galin was forced
to quit baseball because of an in-
jury to his arm. A similar injury was
noted on the corpse.

SEAL WATER METERS TO PREVENT TAMPERING

In order to stop tampering with
water meters in Salem, Service
Director F. A. Rinehart today ordered
the sealing of every meter in the
city.

Employees of the waterworks de-
partment will visit every consumer
and seal the meters on the premises,
and all new meters placed will be
sealed.
Anyone who tampers with the seal
on these meters will be placed under
arrest, and will be brought into mu-
nicipal court where a fine ranging
from \$1 to \$25 may be levied on the
violin.

The tampering of meters and re-
moval of meters for repairs without
first obtaining consent from the
water department for such temporary
removal, have been sources of much
difficulty to the director and his em-
ployees.
In some cases meters have been
broken beyond repair. In other cases
the meters were jammed so that the
consumers' water bills left it off for
a considerable period, and these vi-
olations were not always when repairs
were being made, the department has
learned.

"Sealing of meters will now be
done, and inspections will be made
without warning; tampering will re-
sult in the immediate arrest of the
consumer, no matter who it may be,"
the director states.

REPORTS OF LOCAL BANKS FOR YEAR MOST OPTIMISTIC

Resources of Three Banks
Total \$6,252,256; Annual
Meetings Today.

DEPOSITS SHOW INCREASE IN 1925

Directors and Officers of
All Institutions Are
Re-elected.

The most optimistic reports in
years were given at the annual meet-
ings of Salem's three banks Monday
and Tuesday.

The reports show that the banks,
the First National, Farmers National
and Citizens Savings, have total re-
sources of \$6,252,256.62, and the total
deposits are \$4,895,677.74 a material in-
crease since a year ago. Each bank
had an increase in deposits.

Capital, surplus and undivided profits
of the three banks are totalled at
\$992,374.77.

The completion of their new bank-
ing home was one of the features of
one of the most successful years the
Farmers National has ever enjoyed.
B. L. Flick, cashier of the bank, said
today that the Farmers National is
very proud of its last year's record,
and has every reason to believe 1926
will be even better.

Officers elected today are: M. L.
Young, chairman of the board; W. R.
Carey, president; G. R. Deming, vice
president; H. M. Silver, vice pres-
ident; B. L. Flick, cashier; and O. C.
Hoover, assistant cashier. The board
of directors is composed of the first
four officers, R. W. Campbell, W. P.
Carpenner, C. T. Brooks.

The Farmers has total resources
of \$1,826,814.82; deposits amounting
to \$1,309,236.31, and capital, surplus
and undivided profits totalling \$281,
778.51.

At the First National election this
afternoon these officers were elected:
First National
P. R. Pow, president; J. R. Vernon,

QUAKER CITY BAND ELECTS OFFICERS

Hundertmark Is Director
for 18th Term; Theiss
Is President.

For his 18th term, John W. Hun-
dertmark, was elected director of
Quaker City band at its annual elec-
tion of officers Monday evening. Mr.
Hundertmark is widely known in
musical circles here.

The officers are: President, John
Theiss; vice president, Albert
Sheehan; secretary, Norman Kelly;
treasurer, Mr. Hundertmark; as-
sistant director, Ralph Surgeon;
manager, Edward L. Gilson.

A committee was appointed to make
preparations for the 1926 activities,
which will include the 30th annual
concert, new uniforms and summer
concerts.

VASSER PAYS PART OF FINE; PAROLED

After remaining in the county jail
for 83 days, Andy Vasser of Salem,
sent up by Mayor George Russell for
violating the liquor laws, was paroled
by the county commissioners this
week upon the recommendation of
the mayor.

Vasser was fined \$1,000 and has been
given a credit of \$124.50 on his fine
for the time he has spent in jail. In
addition he has paid \$200 of this fine
in cash and also \$18.30 costs. An
agreement has been made by Vasser
to pay \$10 monthly on the remainder
of his fine.

California Fans to See Grange in Game

Los Angeles, Jan. 12.—"Red"
Grange and the Chicago Bears were
scheduled to arrive in Los Angeles
tomorrow for their game in Los An-
geles coliseum against the Los An-
geles Tigers January 16. More than
45,000 tickets for the game have al-
ready been sold and the contest has
developed into a promised battle be-
tween Grange and George Wilson,
University of Washington all-American
half back, who will captain the
Los Angeles eleven.

NAB CHILDREN WHEN PACKAGES LEAK IN STATION

Detroit, Jan. 12.—Two young rum-
runners—John Suhon, 13, and his sis-
ter, Mary, 10, of Paris, O.—are on
their way home today still badly
frightened, and Frank Vitroveci is
in jail on a federal charge of violating
the prohibition laws because one of
four packages which they carried
leaked in the Union station here.

The youngsters, missing their
train for home, were taken in charge
by Mrs. Gertrude Ross, Travelers Aid
agent at the station, who checked the
packages in her office. While they
were one Mrs. Ross smelled liquor
and found the packages consisted of
four one-gallon cans of alcohol.

Thomas Brennan, deputy liquor ad-
ministrator, prevailed upon the chil-
dren to lead a policeman to Vitro-
veci's home where the officer, on
their recommendation, is said to have
been sold a drink before he arrested
Vitroveci. A U. S. commissioner held
him in \$2,500 bail for trial Monday.

SALEM SPORTSMEN ELECT WISNER TO HEAD GAME BODY

Local Branch Makes Plans
to Open Rifle Range
in the Spring.

Stephen Wisner was elected pres-
ident of the Salem branch of the Co-
lumbiana County Fish & Game asso-
ciation at the annual meeting Monday
night in the Deluge hose rooms. He
succeeded J. P. Birkhimer.

J. S. Perkins was named vice pres-
ident, and C. Scott Chisholm was re-
elected secretary-treasurer.
Due to the fact that the branch
had 500 members in 1925, the Salem
organization is entitled to 25 mem-
bers on the county governing board,
but only nine were named last night.
The balance of the 25 will be appoint-
ed at a later date. Those named are:

President Wisner, Vice President
Perkins, Secretary Chisholm, O. H.
Kerns, Joe Barger, James Lepper,
Joseph A. Rich, Carl Beck and E. E.
Hofbauer.

With the 500 members on the
club's rolls, the branch enjoyed its
biggest year in history in 1925, and
indications are that the membership
will be increased this year. The
branch hopes to enroll 750 local mem-
bers in 1926.

The state fish and game division, in
a letter to the branch, offered to send
a stock of rabbits to this district if
this section had become depopulated
with the cottontails, but the branch
voted against such propagation at
the present time. The members of the
branch feel that there are sufficient
rabbits around Salem at the present
time.

A shotgun and rifle range will be
opened by the sportsmen in the spring
at a location to be decided next
month. All equipment necessary is
on hand ready for use.

Plans for the year will be made
at the county meeting in Lisbon next
Monday night.

LEGIONAIRES TO CONDUCT SCHOOL OF CITIZENSHIP

Charles H. Carey post No. 56, Amer-
ican Legion, will assume charge of
the School of Citizenship, which the
Christian church school has conduct-
ed as a part of its extension work
for the past few years, for foreign
born residents of the city.

The classes will be held on Mon-
day and Tuesday evenings, the same
as they have been, and will be
at the Legion rooms, beginning next
Monday evening.

Rev. H. L. Miller, pastor of the
Christian church, who has had charge
of the school, requested the legion
to assume the responsibility for it
as he is leaving the city. The decision
for this change was made at a meet-
ing of the post Monday evening.

PYTHIAN DISTRICT MEETING PLANNED

Two candidates were initiated in
the second degree at the meeting of
Salem lodge No. 142 Knights of Py-
thias Monday evening. Visitors from
Lisbon were in attendance. The
Sebring were in attendance. The
third rank will be conferred next
Monday night.

On Saturday evening, Jan. 23, a dis-
trict meeting of the lodges in Columbi-
ana, Mahoning, Trumbull and Stark
counties will be held in this city. This
will be an open meeting and arrange-
ments are being made for an enter-
tainment which will follow the speak-
ing.

On Friday evening members of the
lodges in Columbiana county will go
to Sebring where a meeting is being
held in honor of Mr. Berry of Sebring,
an aged and active member of the
K. of P.

The Howling Tom Cats of Salem
and Sebring will initiate a class of
candidates from Salem, Cleveland, Se-
bring and Lisbon, in this city Saturday
evening.

RULING PREVENTS MAKING WINE FOR USE OF HOUSEHOLD

Man Fined After Seizure of
Wine Loses Appeal to
Supreme Court.

SMALL QUANTITY OF FRUIT JUICE

Never Sold, Nor Gave Away
Any of Homemade Wine,
It Was Alleged.

Columbus, Jan. 12.—A sweeping
ruling upholding the provision of the
Craib act prohibiting home manu-
facture of wine was handed down
here today by the Ohio supreme
court.

The court ruled that it is illegal
for an Ohioan to manufacture at his,
or her, home, wine made from grapes
grown on the premises and used ex-
clusively by members of the house-
hold.

The ruling was made public in con-
nection with the supreme court's re-
jection of the appeal of Al Koken-
sperger, who was fined \$125 by
Mayor W. A. Lentz at Crooksville,
Perry county, last March, on the
charge of illegal possession of intox-
icating liquor.

The prosecution was based upon
a raid, during which, officials claim-
ed, a small quantity of fermented
grape juice or wine was confiscated
in the cellar at Kokenasperger's home.

Made For Own Use.
The defense claimed Kokenasperger
had not violated the Craib act be-
cause the wine was made from
grapes grown on his premises and in-
tended for the exclusive use of his
immediate household. Kokenasperger
it was said, never sold, or gave away
any of the fermented fruit juice. It
also was claimed that the wine was
made by Kokenasperger's wife for
medical purposes.

Evidence in the case showed that
the wine, or fruit juice had fermented
to a degree in excess of one half of
one per cent of alcohol by volume.
As a consequence, the prosecution
contended, it was "intoxicating liq-
uor."

The Perry county courts as well as
the supreme court upheld the conven-
tion of Kokenasperger.

The action of the supreme court in
this case is regarded as a big vic-
tory for Ohio Anti-Saloon League of
ficials.

"It would, indeed, be a strange in-
terpretation of the law to say that
one may make wine for his own med-
ical use when a physician could not
even prescribe it in any quantity," de-
clared attorneys for the Anti-Saloon
League in their argument to the su-
preme court.

APPEAL MAY MEAN GERMAN DICTATOR

Manifesto Issued by Son of
the Kaiser and Other
Monarchist Chiefs.

Berlin, Jan. 12.—The critical German
political situation was further aggra-
vated today by the action of monarch-
ist and nationalist leaders in issuing
a manifesto appealing to all patriotic
Germans to banish "Marxism," the
Dawes plan, the Locarno treaties, and
"parliamentary mischief makers."

In many quarters the manifesto was
regarded as a direct appeal for a dic-
tatorship.

The manifesto was signed by Prince
Oskar, a son of the former kaiser, and
prominent war leaders, including Gen-
erals Von Bulow, Krafft, Von De-
feningen, and many Hitlerite chief-
tains.

The manifesto followed closely on
the heels of President Von Hinden-
burg's ultimatum to party leaders in
which he gave them until Thursday to
form a new coalition. The ultimatum
was interpreted in political circles as
indicating that the government fully
realizes the need for meeting the crisis
with a strong hand.

Looming in the background as a
possible, even probable development
of the present muddled state of the
government, is the establishment of a
dictatorship under Hindenburg.

COLLIER TO GIVE SERMON TO GRADS

Dr. E. S. Collier, pastor of the First
Methodist church, has been chosen by
the members of the class of 1926 of
Salem High school, to deliver the bac-
calaurate sermon.
The commencement speakers also
have been selected. The speakers are
the three honor graduates and five
others elected by the class. They are
Carl Matthews, Richard Spedick, Ruth Old-
Ollendick, Mary Ellen Smith, Ruth Old-
Ollendick, Wanda Matthews, Donald Smith
and Cesarie Panmer. The names of
the three honor graduates will be an-
nounced following the mid-year exam-
inations.

PUBLIC HEALTH

The secretary of the treasury has transmitted to congress the annual report of the surgeon general of the United States Public Health Service for the fiscal year ending June 30, 1935. This document is of particular public interest, constituting as it does a yearly accounting of the nation's most valuable possession, its health.

Surgeon General Cummings repeats the warning he gave last year as to the danger of the lowering of standards of health in the United States, which may possibly result from over confidence and relaxation in vigilance in public health work. He also points out the fact that a material increase in the population produces a marked tendency to a more than corresponding increase in sickness and death, and states that this increase will surely follow unless national, proportionate measures are enforced to prevent it.

Had we not learned how to prevent, in great measure, many of our communicable diseases, and were we not provided with the means of applying known preventive measures, our population would be swept from time to time by epidemics, which because of our present congestion, and better facilities for rapid transportation, would make past epidemics seem mild in comparison. The people of the United States, in so far as the national health is concerned, have grown into a body compact, comparable to the human body, no member of which can suffer without affecting the well being of all.

With the co-operation of the state department, state and local health authorities and other agencies, the Public Health Service has developed a very comprehensive system for the collection of world statistics of disease, which, the surgeon general says, however, is capable of much greater development.

The most important event in the field of international health relations during the fiscal year was the signing of the Pan American Sanitary Code by eighteen of the American republics at Havana, Cuba, on Nov. 14, 1934. This pact provides for the collection and distribution of information concerning the prevalence of communicable diseases and prescribes and standardizes the measures necessary to prevent their transmission from the country to another. By its terms, the Pan American Sanitary Bureau is made the central co-ordinating sanitary agency of the republics of the Pan American Union, to date the Code has been ratified by the United States, Costa Rica, Cuba, Chile and Peru, and its acceptance by the other signatory countries is expected in the near future.

In spite of the fact that United States seaports are, through maritime commerce, in constant communication with ports infected with plague and often with cholera and yellow fever—dreaded plagues of a few years ago—there was no importation of these diseases or of other major quarantinable diseases during the year, though both human and rodent plague were detected on vessels arriving in quarantine.

For almost the first time in the history of United States quarantine, there was no detention of ships' passengers or crews on account of yellow fever. A few cases of this disease were reported from El Salvador, Central America, from three countries in South America, and also from the Gold Coast and Nigeria in Africa. The fact that the incidence of yellow fever has at no time in its recorded history, been as low is very gratifying. Surgeon General Cummings points out, however, that until it is completely eradicated from the earth, yellow fever will remain a grave potential danger.

Q. How many leaves of bread are made from a barrel of flour? C. J. M.

A. This figure will vary according to the formula used by individual bakers, but the average has been estimated at 240 leaves per barrel of flour.

Q. Can electrical energy be obtained from wind driven turbines? F. R. E.

A. Electrical energy has been obtained from wind driven turbines in various ways, but the generating of power in this way is not done commercially to any extent. The difficulties to be overcome are the variable output and variable direction of wind, and the comparatively low concentration of available power.

Q. Can a radio set be of assistance to a deaf person? D. C. K.

A. It depends entirely upon the type of deafness and the degree to which it is developed, whether a radio can be of assistance. Persons who are entirely deaf or nearly so cannot be aided by this instrument, but successful results have been obtained by persons whose hearing is partially affected. The reason lies in the fact that when the ear phones are used the sounds are greatly magnified, which enables them to distinguish sounds more readily. The instrument can be tuned to such a degree as to make the incoming sound very loud, in fact a great deal louder than the speaking voice or other sounds.

Q. Please describe the bridge which crosses the Salmon river in Alaska, K. C. J.

A. The bridge is a wooden pile bridge situated about half a mile from the mouth of the river. It is a bridge of nine spans of 15 feet each. The draw span is 18 feet.

Q. Are pineapples grown in the United States? J. T. T.

A. Florida is the only state in which the pineapple is successfully raised for commercial purposes. In this country as the pineapple is close to a tropical fruit. The pineapple is a fruit of the pineapple plant which grows from two to four feet high. The individual plant produces only a single fruit which varies greatly in size from four to ten inches.

Q. Did the Scotch invent the bagpipe? G. A. E.

A. The bagpipe is said to have been introduced into Scotland by the Normans. It is of very ancient origin, as representations of it are to be found on Grecian and Roman sculptures, and it has been well known among various eastern nations. The Italians have a form of bagpipe that is more simple than the Highland Irish.

Q. When was the American Federation of Labor formed? J. C.

A. The Federation of Labor originated in an attempt to found a general organization of American workmen on a trade union basis. A

French Love Of Home Keeps Paris Divorce Figure Low

Paris, Jan. 12.—"Love of home is the great factor that keeps the divorce figure low in France," says Madame Maria Verone, the greatest woman lawyer in the French courts. "In spite of the opinion held by many foreigners who see our women as extremely attached to her home and all that it contains. Every bit of furniture, every tiny object is dear to her and make her think more than once over the question of divorce."

Statistics furnished by the Minister of Justice show that the divorce rate began to increase immediately after the war and reached its highest point in 1920 with 34,079 divorces in all of France. This was only to be expected for the war brought about many hasty marriages that could last but a short time.

From 16,335 divorces in the year 1918, the year just before the war, the number rose to 19,465 in 1919 just after the Armistice, increasing steadily for two years and then descending to 25,159 in 1922, which are the last statistics that have been made owing to much extra work. It is quite certain, however, that the new figures for the last three years will show an appreciable decline in the divorce rate.

"French women are the real clinging-vine type, of course," adds Madame Verone, "and they are not ashamed of it. They love their interiors more than anything else in the world and once a household is set up in France it is a difficult matter to break it up."

"The French woman is more tenacious and hopeful than your American wife. Even when she knows that her husband's affections have wandered elsewhere and that he has lost all interest in his home, and family, she will stay by and suffer in silence, hoping and feeling that he will return to her in time. If there are children she is even more brave and it is only when the husband becomes actually brutal and dangerous that she begins to think of a separation."

Of interest are the statistics which show that on the average 4,000 more divorces are demanded per year than are finally granted in the courts. This is due very often to the impossible demands and just as often to the fact that the unhappy wife has reflected upon her step and withdrawn her decision, still hoping for a change of action.

Brutality, according to the woman lawyer, constitutes the greatest grounds for divorce in France.

RECOVERY OF PHILLIPS ALMOST LIKE A MIRACLE

Dr. Thatcher's Liver and Blood Syrup Ends Stomach Trouble of Fifteen Years Standing—Mississippi Man Hadn't Hit a Lick of Work in Five Years—Now on the Job Every Day.

"After suffering for fifteen years from stomach trouble Dr. Thatcher's Liver and Blood Syrup relieved all my troubles and I am a well and strong man today," was the interesting statement made the other day by W. H. Phillips, living on Route 1, Guntown, Miss.

"I had just about given up hope of getting over this 'trouble,' concluded Mr. Phillips, 'for I had tried any number of treatments and other medicines without getting any better. The agony I would feel after eating anything was almost unbearable. When I felt like I had swallowed a ball of fire I would burn so inside. Then, in 1914, I had an eruption to break out on me that I was told was pellagra, and for five years I was too weak and miserable to do a lick of work.'"

"I heard so much about Dr. Thatcher's Liver and Blood Syrup that I decided to try it, and my first bottle made me feel so much better that I kept it up and after taking only three bottles of this wonderful remedy I was completely relieved and was hearty and strong enough to do a hard day's work without its hurting me or making me tired at all. My friends and neighbors all think it was almost like a miracle the way I got over my troubles, and I am always glad when anybody speaks to me about it to tell them all the praise should go to this wonderful Liver and Blood Syrup of Dr. Thatcher's."

Dr. Thatcher's Liver and Blood Syrup is sold by leading druggists with the positive guarantee that if the first bottle does not benefit you the purchase price will be refunded. It is being featured in Salem by The J. H. Lease Drug Co., Fleming's drug store and Bolger & French.

Youngstown—The fifth annual auto show, under auspices of the Youngstown Auto Dealers association, will eclipse all others held here, is the prediction of association members. The show will include many special exhibits, such as radios, accessories, etc. The opening date is Monday, Jan. 18, at noon continuing throughout the entire week from noon to 11 p. m. daily.

Youngstown—Report of the police department for 1925 shows a total of 12,117 arrests, of which 9,583 were by uniformed officers and 2,534 by plain clothes officers.

Twenty-one members attended a meeting of the Music Study club at which Miss Hazel Linn was hostess Monday afternoon at her home, East High st.

Chapter six of the study book on "Chamber Music" was given by Miss Emma Kenreich and Mrs. James Hayden.

Following a victrola concert a paper on "The Story of Chamber Music" was presented by Mrs. Calvin Leasure. In two weeks the members will meet again.

Guest Dance

Members of the Three Lukks Social club entertained a number of invited guests, some from Toledo and Indiana, at an orchestra dance Monday evening in the I. O. O. F. hall. The 75 couples enjoyed the musical program which was furnished by Finley's Melody band. Mr. Lake, a member of the orchestra, furnished a number of novelties.

In one week the members will have a club dance preceded by a covered dish supper.

Pearce-Pawling

Mr. and Mrs. R. C. Gibbs of Lincoln ave. have received announcement of the marriage of Mrs. Gibbs' sister, Miss Nancee Pearce, and Lewis E. Pawling, which occurred Jan. 1, at the home of the bride's brother, John S. Pearce, at Bogalusa, La.

Mrs. Pawling is known in Salem having made her home with Mr. and Mrs. Gibbs for several years.

A Benefit Party

Salem council No. 1818, Knights of Columbus, and the L. C. B. A. will give a joint benefit party Thursday evening at the K. of C. hall, Broadway, for the Near East relief work.

Cards and dancing will entertain. Prizes will be given in the card games and a lunch will be served.

Monday Afternoon Club

Monday Afternoon club associates met with Mrs. George Campbell, on McKinley ave. Monday afternoon, and devoted the hours to the usual club pleasures.

Helping Hand Class

Bell Has Millions, Engineer Declares

Columbus, Jan. 12.—Valuations of company property running into millions of dollars was revealed on the witness stand today by George H. Williams, appraisal engineer for the Ohio Bell Telephone company in its fight to raise rates in hundreds of communities, when the State Utilities Commission re-opened its investigation of the Ohio telephone rate situation.

High School Notes

The Tuesday morning assembly of the High school students in the auditorium is reported as being one of the most interesting assemblies of this year.

The first number on the program was a group of violin, piano and cello selections played by Mr. and Mrs. John Hundertmark and their son, John, Jr. This concert was greatly appreciated by the student body and they clasped it as one of the best events of the year.

W. F. Simpson, the principal, then introduced Mrs. Maria Scattergood of Philadelphia, a member of the American Friends Service Committee, who gave a most interesting talk on the "Peace Program."

Mrs. Scattergood stated that while William Penn was the first to suggest the league of nations, that not until the present time have we had the universal appeal. She stated that each one has a ladder on which to climb and that one should climb as high as possible.

"We should not think of America first on this program," stated the speaker, "but we should think of it as a world wide program to which we should give our attention."

"Ohio is doing her duty by sending out bulletins and is even going so far as trying to do away with military education in the schools," said Mrs. Scattergood.

Mrs. Scattergood made the appeal for each one to do his part for world wide peace. "This most interesting talk had a great appeal to the students."

The basketball team of room 205, won the championship of the school in the last of a series of games played Monday by defeating 206-B by a score of 14-6. Passing and stellar defense won the 205 men their honors.

In the inter-room series the leading scorers were Litty and Hahn, who made 41 and 33 points respectively.

The class games will next attract the attention of the students. These teams are practicing now and the games will begin next week. The class teams are scrimmaging twice a week with the varsity. These games will be played at noon from 12:30 to 1 o'clock. The girls play Monday and Wednesday and the boys on Tuesday and Thursday. Interest in these games is shown by the large attendance of students.

The debate teams held a meeting Monday in preparation for their first debate which will be Jan. 23 with Carrollton.

FAIL TO DEVELOP PROOF OF LIQUOR CHARGE AT STATE

Ohio State Investigation Is to Be Continued Later This Week.

Columbus, Jan. 12.—Failure to develop evidence in support of accusations that Ohio State university instructors and students violated the dry laws and that Communistic doctrine was disseminated at the university marked the initial public hearing conducted by Acting President Rightmire and members of the board of trustees at the university.

The investigation is expected to be finished at another meeting later this week.

At the hearing conducted late Monday S. A. Probst, deputy state prohibition commissioner, and a number of state dry agents were questioned. They all admitted they obtained no direct evidence in support of the charges.

The testimony dealt with various rumors, anonymous telephone calls and approved statements.

At the next session of the probe it is expected to give consideration to a rumor that a professor gave a talk on "Communism in Chicago" and that two unknown students declared two professors "drink likers."

It is also expected that the unnamed man who furnished state dry officials with the tip that led to recent arrest and conviction of Prof. Dabney Horton Ohio State university English instructor, will be questioned. Horton was fined \$800 for making and possessing liquor and was dismissed from the university's teaching staff. His arrest led to the present probe.

Mystery Surrounds Poisoning of Woman

Toledo, Jan. 12.—Complete mystery surrounds the death today of Mrs. Julia Birdsicker, 35, who died at the East Side hospital of chloroform poisoning.

P. S. and A. J. Smith, who introduced themselves to hospital authorities as boarders at a Mott street rooming house, where Mrs. Birdsicker was staying, said they heard her groans and discovered her plight. They took her to the hospital where she died two hours later.

She was separated from her husband.

Western Barber Saves Salesman's Hair

Los Angeles Special.—R. D. Callum, probably the best known camera man in this country, is telling his friends how he would have lost his hair had it not been for the persistent effort of a Los Angeles barber.

Mr. Callum recently stated—"Being a representative of a Camera Concern in the country and on the road ten months in the year, I meet many people and patronize many barber shops; and it was in a shop in Los Angeles that I first heard of Lucky Tiger. My hair had been dry and lifeless for years. The barber insisted on my using Lucky Tiger."

and I bought a bottle and the results have been a most happy surprise. My scalp is now clean and my hair soft, and it stays where I put it, and I have lost my fear of losing my hair."

Lucky Tiger today can be had on a Money-Back Guarantee at almost any drug store or barber shop, as well as at local druggists.

NYE IS GAINING SUPPORT TO GET SEAT IN SENATE

Washington, Jan. 12.—The fight over seating Senator Designate Gerald P. Nye, (R.) of North Dakota, took an entirely unexpected turn today when polls indicated he has a chance of being admitted to the senate.

In sharp contrast to earlier pronouncements, friends of Nye today declared they expected the vote on seating him would be "very close" with a probability that he would be seated. One poll taken by a Republican friendly to Nye showed a vote of 45 to 43 in his favor, with seven Senators not recorded. A Democratic poll taken by an unbiased senator, showed a vote of 43 to 47 against seating Nye. A third poll taken by International News, indicated a vote of 38 to 43 against Nye, with 11 senators reported as doubtful and three absent.

The variance of the totals in the three polls was due solely to senators being attributed to one side or another while they were declining to commit themselves.

MEXICAN PROBLEM REQUIRES CAUTION

Washington Seeks to Avoid Offending Latin-American Sensibilities.

Washington, Jan. 12.—Negotiations with Mexico over the obnoxious features of her new land and petroleum laws are to be conducted without any branding of the "big stick," it was learned in reliable administration quarters today.

While Washington considers the new laws as confiscatory in nature, and as such contradictory to Mexico's pledges at the time recognition was extended two years ago, President Coolidge and Secretary of State Kellogg are inclined to proceed cautiously in the situation to avoid offending Latin-American sensibilities.

Secretary Kellogg has been in conference with President Coolidge and with John Barton Payne, one of the negotiators in the recognition conference, within the last 24 hours.

A note from Mexico City replying to the protest against the laws presented by Ambassador Sheffield last week is expected at the state department tomorrow or Thursday.

The tenor of this reply already is criticized here. Adm. S. S. Hays, the Mexican minister of foreign affairs, will inform the state department, it is understood, that Mexico's sovereignty will permit of no "foreign dictation" as to what the Mexican congress may or may not adopt in the way of legislation, and if foreign nations feel themselves aggrieved they always have recourse to the Mexican federal courts.

Corn Grower Urges Enactment of Grain Marketing Scheme

Washington, Jan. 12.—Enactment of the Dickinson bill, which would create a governmental holding corporation for surplus farm products available for export, coupled with the creation of a cooperative organization for orderly domestic marketing, will solve the problem of the corn belt, C. H. Richeson of Des Moines, Iowa, president of the National Corn Growers' association told President Coolidge today.

Richeson said he came to the White House primarily to dispel the belief which he feared was becoming prevalent in the east that the corn farmers were trying to lean absolutely on federal aid.

LANGELEY REFUSED SENTENCE APPEAL

Congressman Resigns Soon After Supreme Court Upholds Conviction.

Washington, Jan. 12.—Within two hours after the supreme court had inferentially upheld his conviction and sentence to the penitentiary for violation of the prohibition law, Rep. John W. Langley (R) of Kentucky, submitted his resignation as a member of congress.

Washington, Jan. 12.—Representative John W. Langley, (R) of Kentucky, was denied today by the supreme court a review of his conviction in lower federal courts of conspiracy to violate the prohibition law. The refusal of the supreme court to interview is tantamount to upholding the congressman's conviction and sentence.

Langley is now at liberty, although under sentence of two years to the federal penitentiary. It is assumed he will now be taken to prison to begin his term.

The court's refusal to interfere in the Langley case was without comment. No reasons were assigned, but it has been the invariable habit of the court in recent years to refuse to review convictions under the prohibition laws.

Langley is 58 years old, and has served in congress nearly a score of years. He was first elected to the sixteenth congress, and has been regularly re-elected ever since, including once since his conviction. He is married and has three children.

State May Require Huge Refund on Gas

Columbus, Jan. 12.—Probability that the Logan Gas company may be ordered by the state utilities commission to refund nearly \$500,000 excess collections to patrons was seen here today when an order of the commission the company filed reports showing it had collected \$284,559.62 between June 7 and Nov. 30, last, the amount representing the increase obtained under a higher rate schedule effective June 7.

Sixth Kirby Jury Completed Today

Cleveland, Jan. 12.—The sixth jury that will decide the fate of Josiah Kirby will be completed late today and government and defense counsel will make their opening statements as to what witnesses and records will be used.

It is the sixth attempt to convict the former head of the Cleveland Discount company of fraud in connection with the partial collapse of the mortgage firm.

Daily Fashion Note

For the severe simplicity of this frock fashion turns to back velvet, although dark navy blue, fuchsia, or the smart grays would be equally appropriate. Where the fronts are washed, then underfaced and rolled back, a vestee of silver cloth shows. At the back there are set into the frock godets of self-material, transferring the fibre from the front of the model. A silver fox boa with ends of silver ribbon is worn. Medium size requires 3 3/4 yards of 36-inch velvet.

Victorial Review Printed Pattern No. 2901. Sizes, 14 to 18 years and 34 to 42-inch bust.

BEST SORE THROAT Treatment for Children

Children's sore throats often lead to tonsillitis, scarlet fever or diphtheria. A wonderful new internal preservative has been perfected, called Thoxine, that goes direct to the source of the throat and corrects it at once. Children take it willingly. Angora Government Spurns U. S. Plea

London, Jan. 12.—The Angora government has rejected the American protest against the increase in duty on American goods, a Central News dispatch from Constantinople said today.

The note of rejection stated that ratification by the United States of the Lausanne treaty was essential before it could hope for a reduction of the tariff.

Recently the Turkish government increased duties on American goods from 40 to 60 percent above that to which the imports of other nations were subject to. A reciprocal commercial treaty between Turkey and the United States now being formulated.

SIX PERISH IN LOUISIANA FIRE

Ferriday, La., Jan. 12.—Six persons are reported to be dead and several injured in a \$100,000 fire which swept a block in the business district here early today.

Ottawa, Jan. 12.—Six persons were burned to death today when they were trapped by a fire which destroyed the dwelling house of Mrs. Albert Tanguay in Clarkstown. The dead:

Mrs. W. E. Sarazin, 23, married daughter of Mrs. Tanguay; Veronica Tanguay, 16; Loretta Tanguay, 13; Lillian Tanguay, 11; Harold Tanguay, 9; Gordon Tanguay, 5.

New Orleans Mayor Dead; Had Five Terms

New Orleans, Jan. 12.—Martin Behrman, five times mayor of New Orleans, and one of the most colorful figures in the political life of the Crescent City for a decade, died at his home here today.

Mayor Behrman, given up by his physicians Monday, had continued a hopeless battle against heart disease with a resistance which surprised the doctors.

The end came at his modest little Algiers residence, with his family and a few intimate friends at his bedside.

Variety of News In Brief Form

Cleveland, Jan. 12.—Ignoring protests by Newton D. Baker, former secretary of war, and various veterans' organizations, the board of education voted 6 to 1 to abolish military training in the high schools of the city at the end of the present school year.

Cleveland, Jan. 12.—Two men slain yesterday by Patrolman Daniel Candow are positively identified as Frank and John Maruchio, 23 and 24 years old respectively, by sister. One of them had served term in Mansfield reformatory for burglary.

New York, Jan. 12.—Alexander P. Moore, former Spanish ambassador, declared Spain was coming back as a world power at a dinner in his honor attended by Elbert H. Gary, Charles Evans Hughes, John W. Davis, and other notables.

Rockford, Ill., Jan. 12.—The great American melting pot has split up the Swedish Covenant church here. The younger members declare they cannot understand the Swedish language which their elders insist upon retaining in the church and they have withdrawn and started an English congregation.

Amboy, Ill., Jan. 12.—"Uncle Jimmy" Pankhurst, 55, who several years ago took Mary Brackus into his home with a promise to pay for her services with \$10,000 in his will, was left \$15,000 in Mary's will instead. She died last month leaving an estate of \$20,000.

10,000 HOMELESS, RED CROSS AIDS FLOOD STRICKEN

Tucson, Ariz., Jan. 12.—Four hundred persons are now known to be dead and more than 10,000 rendered homeless by the flood disaster in the Mexican provinces of Durango and Navarrit, according to information from the headquarters of the Southern Pacific of Mexico railroad received here early today.

An appeal has been made to the American Red Cross for relief in a

telegram to the local office of the Southern Pacific of Mexico from H. E. Tucomb, who is now on the West Coast.

Authentic reports indicate intense suffering in the districts flooded by the San Pedro and Santiago rivers. 10,000 are homeless.

Boy Coaster Killed

Cincinnati, Jan. 12.—A boy was killed and four other children and a man seriously injured in coasting accidents in various parts of the city.

MAN ADMITS HE MURDERED PAIR

Boston, Jan. 12.—State officials today verified a report that a man held in Dedham jail has confessed the South Braintree payroll holdup and murders of 1920 for which Nicholas Sacco and Bartholomew Vanzetti were convicted.

The revelation comes as the full bench of the state supreme court is considering pleas for a new trial for the defendants.

The man at Dedham jail, whose name is withheld, is alleged to have freely confessed his guilt.

Sacco has claimed that he was in Boston getting a passport to Italy at the time of the murders and Vanzetti has claimed that he was engaged in his usual occupation at Plymouth.

Worthiness Is An Important Element In Good Furniture

The furniture upon which your daily comfort depends should contain the same elements of worthiness found in certain personalities. Consider the fact that furniture well chosen becomes, perhaps, a lifetime companion, and a daily factor in your happiness.

Many of our customers have wondered how it could be possible to combine so great a selection of worthy furniture with such moderation in prices.

Today ARBAUGH'S enjoys a whole-hearted confidence, not only in the integrity of the store itself, but in its merchandise, and in the excellent SERVICE always rendered.

Salem To Meet County Leaders At Liverpool

East Liverpool Boys Win Both Starts But Girl's Sextet Is Weak.

The toughest games on the Salem high card will be played at East Liverpool Friday night.

These two cage battles headline the county conference schedule. East Palestine plays at Columbiana and Lisbon goes to Wellsville the same night.

Salem's Boys and the East Liverpool Boys are tied for the lead in the county race. Liverpool, with victories over Palestine and Lisbon last week and having one more win, really came at the top of the heap at the present time. Salem defeated Wellsville decisively for a so far unmarred record.

In the Palestine game the Liverpool Boys won out by a 41 to 24 score, using many subs, and uncovering an overwhelming attack that defeated the Brown to the last. The same thing almost happened in the Lisbon game, but the county seater, the dark horses in the race this year, pressed the Blue to the limit before Liverpool could win 44 to 32.

On the other hand the Liverpool Girls were weak in their opening games. Palestine won from them, 25 to 19, and Lisbon, 38 to 20. Lisbons Girls are considered exceptionally strong since they defeated Columbiana on the night previous, 31 to 28, for Columbiana was hoped to have the best sextet in the country this year.

The Lisbon Girls, therefore stand at the head of the list, with the Salem Girls and Palestine Girls with one victory and no defeats also in the first bracket. Liverpool is at the bottom of the heap.

It looks, therefore, as though the Salem Boys will have to put up a great battle to defend their 1925 title while the Salem Girls' 1925 title seems to be in little danger.

Vast improvement is noted in the Red and Black teams, and last Saturday they demonstrated they are not to be fooled with this year, despite the fact there are so many new faces on the squads.

What the Girls seem to be adept

in is guarding and floor work. Probably the Salem forwards made more shots good than the average, but they missed quite a few. But teamwork is the fundamental and there is plenty of this co-ordination, so things look very bright. The rustiness around the basket is also noticed in the Boys play.

THREE TEAMS TIED FOR LEAGUE LEAD

Leading Teams in Mullins' Bowling League Drop Three Games.

Due to an off day on the part of Sechler, star bowler of the Polishers, that team dropped into a tie for first place with the Tool Room and Press Room in the Mullins Bowling league last week, by losing three straight games to the Press Room lads.

The backfiring of Callahans ball flustered the Tool Room so that that team also lost a chance to get ahead, and the tool makers dropped three games to the Office "Doc" Gallagher was in excellent form and the Millwrights won two of their three games with the Fender Weld.

A few more such games and the Office will be forced out of its apparently secure place at the bottom of the heap. The white collared boys just won't behave and are getting so they win almost every week now.

Here are the results of last week's game:

New York, Jan. 12.—Florida, the land of perpetual plenty, where the spaces are subdivisions and men are healthy, again will be the happy hunting ground for the majority of major league ball clubs during the impending spring training season. Of the 16 clubs, ten will train on the busy peninsula, two will go to California, two to Louisiana, one to Georgia and another to Texas.

It was the same in 1925. As a matter of fact, not a Florida-trained club has changed its base of operations between seasons.

The New York Yankees dropped from second place to the second division in one season after dallying in Florida sunshine but wisely decided not to blame it on the latter and will return to St. Petersburg with the Boston Braves, who have played the Sunshine City for some years. The Philadelphia Athletics, Cincinnati Reds, Cleveland Indians, New York Giants, the Dodgers, Phillies, Senators and Browns also will play return engagements at the Florida resorts they favored in 1925.

The complete list of training camps for 1925 follows:

National League	
Giants, Sarasota, Fla.	
Dodgers, Clearwater, Fla.	
Braves, St. Petersburg, Fla.	
Phillies, Bradenton, Fla.	
Reds, Orlando, Fla.	
Cubs, Catalina Island, Cal.	
Pirates, Paso Robles, Cal.	
Cardinals, San Antonio, Texas.	
American League	
Yankees, St. Petersburg, Fla.	

Senators, Tampa, Fla.
Athletics, Fort Myers, Fla.
Red Sox, New Orleans, La.
Indians, Lakeand, Fla.
Browns, Tarnon Springs, Fla.
White Sox, Shreveport, La.
Tigers, Augusta, Ga.

All Clubs Satisfied

The Pirates, of course, could do no less than return to Paso Robles, after winning a pennant and a world's title after a single season there. In fact, all of the clubs with the exception of the Cardinals seem to have been satisfied with training conditions at the towns they played in 1925.

The Cards, however, have abandoned Stockton, Calif., in favor of San Antonio, the old training quarters of the Giants.

AMMONIA THROWN INTO MEN'S EYES; THUGS GET \$10,200

Marion, O., Jan. 12.—As Paul Simpson, 25, and Newton Minard, bank messengers for the Columbus, Delaware and Marion interurban company, were going to the bank with a satchel said to contain \$10,200 at noon Monday they were attacked by two young men who threw ammonia in their eyes. The bandits escaped in an automobile with the money.

The holdup occurred at the bottom of the stairs in the L. O. O. F. building where the general headquarters of the C. D. and M. are located. Police headquarters are also located in the building. The C. D. and M. offices are on the third floor of the building.

The thugs went through the business part of town taking the Harding highway east, hotly pursued by the sheriff and police.

Man Who Kidnaps His Niece Is Sentenced

Manchester, Iowa, Jan. 12.—John Dunleavy, 55, of Rochester, N. Y., today began paying for his two year romance with Elsie Dunleavy, his 17-year-old niece, when he entered the doors of the Fort Madison penitentiary to start serving a 25-year term on a statutory charge. She was found to have a five-months-old baby.

Less than a week ago Dunleavy was arrested in Chicago when detectives battered in the door of a flat where they found him with the girl, who charged him with kidnapping her.

two years ago and keeping her virtually a prisoner during that time. In court, Dunleavy made a complete confession, pleading guilty to the offense and was immediately sentenced. Elsie and her father, T. J. Dunleavy, were present.

Moscow—Russian girls are wearing skirts that look like catch kites in lewath. The high cost of dress material is given as one reason. Whether there are two others is not stated.

Alliance—Before Feb. 1, Lone Rock Lodge, Knights of Pythians, hopes to double its membership. According to plans each member of the lodge must hand in the names of three prospective members to his lodge deputy before the first of February. If the men chosen meet the requirements of the lodge, a campaign will be staged to enroll them.

RHEUMATISM

Why use mere temporary surface rubs, liniments, etc. for pains, twinges and soreness of rheumatism, neuralgia, lumbago, sciatica, etc., when a famous old Dutch internal remedy in easy to take, tasteless capsules, goes direct to the real internal cause in joints and muscles and removes it? TROUBLE'S a bubble, just as the song says. And you can stick it with the stem of your old jimmy-pipe . . . packed to the brim with Prince Albert. Friendly, fragrant Prince Albert. Cool, comfortable Prince Albert. A pal in the pinches . . . a cheer-leader when you're on top.

Pipe-peevs vanish in a P. A. smoke-screen. Problems go up in smoke. Cool and sweet and fragrant, P. A. sifts into your system and pins a big red rose on the workaday world. Tobacco with a real mission in life . . . to make you pipe-happy and keep you that way!

And listen to this: P. A. can't nip your tongue or parch your throat! Because—the Prince Albert process put a padlock on tongue-torture right at the start; gave Bite and Parch the gate in the beginning . . . and they've never been back!

Men who thought they never could smoke a pipe have tried again with Prince Albert . . . and stuck! Go and do you likewise. There's a friendly shop nearby where they hand out P. A. sunshine in tidy red tins. Take the shortest cut. Step lively! Your tobacco troubles will then be over for all time.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

THE STATE'S BILL
 "Rose of Paris," a film story of Paris life with Mary Philbin and John Sampson in the leading roles, and the concert by the Venetian Quintet form a fine double bill at the State. The orchestra, led by Lawrence Rubenstein, is one of the best groups of musicians ever to play in Salem.

Miss Philbin delights as the pretty little Mitzi in the Universal film offering.

This story was adapted from the celebrated French novel, "Mitsi." Others in the cast are Rose Dione, Robert Cain, Worothy Reiver, Gino Corrado, Doreen Turner, Edwin J. Brady, Charles H. Puffy, Carrie Daumery, Alice H. Smith, Frank Currier, D. J. Mitozas, Cesare Gravina, Irving Cummings directed.

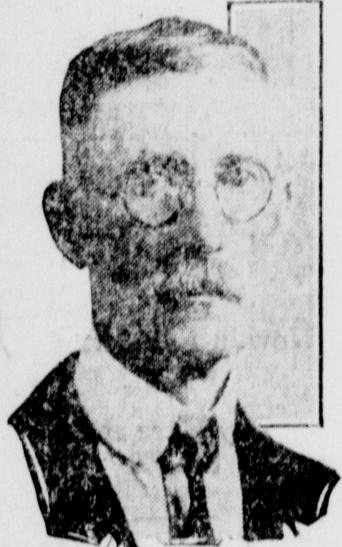

Clara Bow, one of the most promising young actresses of the screen year, has the principal juvenile feminine role in "Wine," Universal Jewel soon to be shown on the screen in the State Wednesday and Thursday.

"Wine" is the screen version of the story by William MacHarg, published in the Cosmopolitan magazine. Others having leading parts are Forrest Stanley, Huntly Gordon, Myrtle Steadman, Leo White and Walter Long. Louis Gasnier was the director.

"Big Timber," with William Desmond, coming to the Grand Wednesday is a story laid in the California woods, revolving about a lumber camp and railroad construction. The exterior were taken in the pine woods of the Northern Sierras.

William H. Craft, who has directed Desmond in several of his recent pictures, directed the new story, adapted from the magazine tale "Heart of the North Wind," by Vingie E. Roe. Olive Hasbrouck, Betty Francisco, Joe Bonomo and several other well known screen players support the star.

COLUMBIANA

The series of Union Week of Prayer services conducted by the Presbyterian, Reformed and Methodist churches ended Sunday night with a sermon by Rev. J. C. Strubel at the latter church. The attendance was very satisfactory at all services. R. J. Miller led the singing at the Sunday evening service.

Dr. Martin of Atlanta, Ga., preached his famous sermon, "The Music of Life" on Sunday afternoon instead of Sunday evening as previously announced. In order that many from other churches who wanted to attend their own special union service

might be present to hear him. The address was especially interesting to music-lovers, as it was based on seven musical expressions.

There was no Sunday morning preaching service at the Lutheran church owing to the absence of the pastor at his New Waterford charge.

Columbiana High School Basketball teams added two more victories to their list Saturday evening at the local gym, when they defeated their old rivals, the Fairfield Centralized teams. The girls game was hard fought, throughout, the score, 21-13, scarcely telling the true story of the game. The C. H. S. boys, however, easily outclassed the boys from the country, the final score being 35-14.

Friday night will be the big game of the season here, the one that always attracts the largest crowd, the East Palestine games. Several hundred fans from the pottery city can always be counted on to attend.

Rev. F. H. Gerrett of the local Christian church, preached Sunday morning at the Phillips church, south of Salem.

Mr. and Mrs. J. V. Stewart will leave Thursday for Florida for a stay of about a month, which will be a combined business and pleasure trip.

Bertram Renkenberger, teacher in Lima High school, left Sunday to assume his duties after a vacation of about a month, due to a shortage of school funds there. It is not known at the present time whether they will be able to finish the school year out or not.

Wesley Burkhardt returned home Saturday from the Salem hospital where he had been taken for observation. His daughter, Mrs. John Rider,

of Ellsworth, is assisting in his care.

The Miller Bros. basketball team will play Tuesday night instead of Wednesday this week at the High School Auditorium, their opponents being the Power Five of East Liverpool. A preliminary game is being arranged between the Franklin Furniture Co. team and some other quintet.

Mrs. W. C. Morris and daughter, Valeria of Youngstown were Sunday visitors at the home of Mrs. Jacob Renkenberger, and daughter, North Elm st.

Mr. and Mrs. Lawrence Geiger of New Springfield were in Columbiana on business Saturday evening.

Mr. and Mrs. D. O. Sitter and son, Donald of Youngstown visited Sunday with the former's parents, Mr. and Mrs. P. E. Sitter, South Main st.

Mrs. Roy Guy is able to be about again after an attack of the grippe. Russell Esterly was in Alliance over the week end.

Mrs. Albert Boehmer of Sebring visited Friday with her parents, Mr. and Mrs. Harry Early and family, Railroad st.

Mrs. Walter Donbar of Youngstown formerly of Columbiana, entertained the members of the Columbiana South Side club Thursday afternoon at her home, about 7th being present.

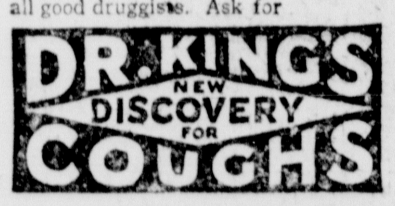

Mr. and Mrs. Samuel Young of Mansfield were recent guests of Miss Elizabeth Lodge, South Main st.

Dangerous Cough—How to End it

To quickly end a dangerous cough there is a very simple treatment which gives almost instant relief and often breaks the cough entirely in 24 hours. This treatment is based on the famous Dr. King's New Discovery for Coughs. You take just one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but also loosens and removes the phlegm and congestion which are the real cause of the coughing. So the worst cough usually disappears quickly.

Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc. Fine for children, too—no harmful drugs. Very economical, as the doses are only one teaspoonful. At all good drug stores. Ask for

The teacher knows the need of better sight in the school room. In nearly every case the backward child needs glasses. It is the parents' duty to attend to the child's eye-needs at once.

OHIOANS INVITED TO JOIN IOWA IN MARKETING PLAN

Governor Asked to Select 50 Men to Meet With Other Committees.

Columbus, Jan. 12.—Ohioans today were invited to join Iowa citizens and residents of the other Mississippi valley states in effort to organize the corn and agricultural area "by work" on some practical and successful marketing plan for farm products on a money-making parity with other parts of the country.

This invitation was contained in a telegram from Governor John Hamer of Iowa, honorary chairman of the all-Iowa agricultural marketing advisory committee, and John Aue, Burlington, Iowa, and Frank Warner, Des Moines, chairman and secretary, respectively, of this committee.

Governor Donahue was asked to select 50 Ohio men to function in a capacity similar to the all-Iowa committee. It was urged that the proposed committee choose an executive committee to meet with similar committees from the other Mississippi valley states in the house chamber, state house at Des Moines, January 28 and that Ohio's senators and representatives attend the corn and agricultural conference at Des Moines on the same date.

Donahue was informed that the project is a non-partisan and non-political agricultural movement. It was recommended that farmers, business men, manufacturers, labor union representatives, professional men and bankers be represented on the proposed all-Ohio committee.

Copies of the resolutions and a declaration of principles, outlining the platform of the all-Iowa committee, it was stated, are being sent Gov. Donahue. He was urged to have the all-Ohio committee take similar action.

Donahue stated that he will co-operate with the leaders of the movement.

LEETONIA

The Holy Communion service held Sunday morning at 10:45 in t. Paul's Lutheran church was largely attended by the membership. There were four acquisitions to the church. Mr. and Mrs. Lester Lehman, by baptism and Mr. and Mrs. Clarence Lamondie by letter. There was one infant baptism, Eugene Claire, the little son of Mr. and Mrs. Jacob Dressell of Greenford.

There were members of the church present from Youngstown, Columbiana and of the surrounding country.

The Crescent Machine works were closed all day Monday on account of the funeral of Mrs. William Smith, who passed away Friday night at the Central Clinic hospital, never rallying from an operation of a serious nature. Mrs. Smith is a sister of the owner of the Crescent works, C. G. Wilderson.

A delightful affair was held on Friday evening in the local Masonic hall, where 35 of the officers and members of committees of the Leetonia chapter No. 253, Order Eastern Star assembled on invitation of the worthy matron, Miss Clara Welkart, at a 6 o'clock covered dish dinner. Following the dinner the evening was enjoyed in a social manner.

Mrs. Fred Hollinger, Mrs. William Suel and Mrs. Harley were joint hostesses to Busy Bee society of the Methodist church on Friday evening at the home of Mrs. Hollinger. The evening was enjoyably spent in needlework, contests, games, etc. At a late hour the hostesses served a delightful lunch.

Mrs. Michael Briggs and Mrs. Joseph Wimpfinger were Salem visitors on Saturday.

Mr. and Mrs. Karl Howell, Mr. and Mrs. Ralph Lundstrom, Mr. and Mrs. Ray Ham and Miss Katherine Howell, all of Youngstown, were guests

Marshal Sullivan of Leetonia suspected Tony, and he was again arrested, and lodged in the county jail awaiting the return of Judge Lodge Riddle from Columbus. Most of the money taken has been recovered.

RADIO RELIEVES ENNUI HELPS TO AVOID DIVORCE

San Francisco, Jan. 12.—Is the radio helping solve the divorce problem?

Can it be that the new fangled dials is actually responsible for the fact that fewer divorce suits were filed in Francisco during 1925 than during any twelve-month period in 18 years past?

Superior Judge Thomas F. Graham, an Francisco's great reconciler, thinks so. He declares that in his opinion divorces will continue to diminish in direct ratio to the number of homes which include a radio receiving set among the household belongings.

With a radio in the home, Judge Graham believes there can be no ennui. And where there is no ennui.

and there can be no divorce. The greatest disruptive force in marital existence, according to Judge Graham, is boredom.

Husbands get tired of wives, and oh, how wives get sick and tired of husbands.

"When two marry, the judge says, they gradually become weaned from former friends, old pals and cronies. "Radio is breaching the gap, calming the troubled sea of matrimony, shortening the long winter nights and making the fireside seem the one best bet."

Acid Stomach

"Phillips Milk of Magnesia" Better than Soda

Hereafter, instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion of sour, acid, gassy stomach and relief will come instantly.

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all acids. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it's a cent bottle, any drug store. Advise upon "Phillips." Twenty-five cent bottles, any drug store. Advise upon "Phillips."

LABOR BACKS FARM RELIEF MEASURES

Green Supports Farmers in Demands for Legislative Action.

Chicago, Jan. 12.—The American Federation of Labor will support the farmers of the middle west in their demands for legislative action for the relief of agriculture.

William Green, president of the federation, so declared today as he boarded a train for his return to Washington, after filling a speaking engagement here.

"The federation is deeply interested in the farmers' problem, particularly in the pressing situation in corn," Mr. Green said. "It stands ready to cooperate in support of the farmers' legislative program as finally formulated. At present, those plans are still in the making but when the farmers finally decide what they want the federation will stand behind them."

This cheering news to the agricultural interests comes simultaneously with the completion of plans by the Illinois Agricultural association for its annual meeting, to be held at Urbana Jan. 21 and 22, at which the corn surplus problem will be the principal topic of discussion.

Meanwhile in his home at Kankakee, Governor Len Small was meeting a delegation which desired him to call a state-wide meeting in Chicago in the near future to discuss corn.

Daily Movement of Freight Cars Gains

Washington, Jan. 12.—The daily movement of railroad freight cars in November, 1925, was the highest for any November on record, reports filed with the Bureau of Railway Economics today showed.

During the month, the daily average movement was 59.9 miles a

day. The average movement was 28.4 miles in 1925, which was 1.5 miles greater than during the corresponding period in 1924.

The average load per freight car in November was 27.2 tons, the same as for November, 1924.

Probably the most expensive toy ever bought was a broken-nosed wooden horse that had belonged to Napoleon Bonaparte, and which was

sold in Paris some years ago for \$2,400.

LATEST IN STYLE FOR WOMEN

Paris, Jan. 12.—Green is the queen of colors this season and purple is king, judging from the frocks and costumes one sees coming from the smart dressmakers of the rue de la Paix as well as at all the chic winter gatherings.

More than one shade of green in a single tone is even better than a single tone. Baronne James de Rothschild is wearing a sage green crepe de chine frock banded with veronese green under a smart coat of the same tone. The cut is very simple with a gently flaring skirt and tight sleeves. Two big side patch pockets are embroidered in several tones of green wool. Madame la Princesse Theodore

Hints For Winter Sewing Are Given

Here is the booklet which will aid you in your winter sewing.

Whether you are an expert seamstress, or a beginner with the needle, you need the sewing manual which this bureau has for free distribution.

This booklet explains the different processes in hand and machine sewing and illustrates the proper methods to use; it tells how to cut and make children's clothes; it gives directions for making dainty under-muslins; states how to cut and use patterns; explains the various embroidery stitches; gives 10 easy ways of finishing waists and necks of dresses.

Any of our readers may secure a free copy of this booklet by filling out and mailing the coupon below. Enclose two cents in stamps for return postage.

Frederic J. Haskin, Director,
The Salem News
Information Bureau,
Washington, D. C.

I enclose herewith two cents in stamps for return postage on a free copy of the Sewing Booklet.
